

Year 2 Update

It's almost September! We cannot wait to welcome you back to school in just over a week. Here is a little classroom update for you. It is not finished yet, but this will hopefully give you an idea of the layout.

Group tables and carpet area (some of the chairs need moving)

All of our books are here. We will put our water bottles over here. The visual timetable is on the right.

The yellow, red and blue drawers match the Zones of Regulation and have books and sensory resources.

Don't worry we will still have choosing time! Provision boxes: We have construction, small world, arts and crafts and role play.

We still need to finish displays, complete the sensory/calming area and add a few fun bits!

This is what our weekly overview will look like:
